

### DEPARTMENT OF HOMOEOPATHIC PHARMACY - THEORY

MONTH	Dr. A.N. Gurav	MONTH	Dr.S.M.Naikwadi
<b>MARCH 22</b>	<b>Introduction to Pharmacy</b> History Of Pharmacy Primitive period Period before 13 th century Development of other branches of science Change in concept of Disease History Of Pharmacy - After 13 th century History of Homoeopathy History of Homoeopathic Pharmacopoeia Branches of Homoeopathic Pharmacy	<b>MARCH 22</b>	<b>Sources of Homoeopathic Drugs</b> Vegetable kingdom Morphological Classification with examples Taxonomical Classification with examples General rules of collection of plant drugs Particular rules for collection of plant drugs Animal Kingdom Morphological Classification with examples Taxonomical Classification with examples General rules of collection of Animal drugs
<b>APRIL -22</b>	<b>Scope , Spatiality and originality of Homoeopathic Pharmacy</b> Difference between Pharmacy and Homoeopathic Pharmacy Scope of Homoeopathic Pharmacy in relation to Materia Medica Scope of Homoeopathic Pharmacy in Relation to National Economy	<b>APRIL -22</b>	Mineral Kingdom Rules for collection of mineral drugs The sarcodes Concept with examples Rules for collection of sarcodes The Nosodes Concept of Nosodes Plant nosodes Animal nosodes Rules for collection of Nosodes Imponderbilia Concept with examples Rules of collection for Sol, Synthetic source with example Preservation of drugs - General Rules Rules for preservation of particular drugs
<b>MAY JUNE- 22</b>	<b>Potentisation</b> Methods of Potentisation Trituration Merits and demerits of trituration Succussion Merits and demerits of succussion Conversion of Trituration into liquid Potency Decimal Scale Centesimal Scale		
<b>JULY-22</b>	<b>Drug Proving</b>	<b>MAY JUNE-22</b>	Solid Vehicle
	<b>Posology</b>		Liquid Vehicle
<b>AUGUST -22</b>	<b>Prescription Writing</b>	<b>AUGUST -22</b>	<b>Old methods of preparation of Mother Tincture</b> <b>New Method of Preparation of Mother Tincture</b> Maceration Percolation
<b>SEPT-22</b>	<b>Miscellaneous Topics</b> Preservation of drugs and mother tinctures <b>Alkaloid</b> <b>Active principles of some important plant drugs</b>	<b>SEPT-22</b>	<b>Legislation in relation to Hom. Pharmacy</b> <b>Study of Standardization of drugs and Vehicle</b>
		<b>OCT -22</b>	Standards for Mother Tinctures Standards for Finished Products
<b>OCT-22 ONWARD</b>	<b>Revision</b>	<b>OCT-21 ONWARD</b>	<b>Revision</b>

### DEPARTMENT OF HOMOEOPATHIC PHARMACY - PRACTICAL

MONTH	A BATCH - DR.Mrs.M.R.Bhosale; B Batch - DR.A.N. Gurav; C BATCH - Dr.Miss.S.M. Naikwadi	
MAR-22	<b>Homoeopathic Pharmaceutical Instruments</b>	
	1	Those used in preparation of Hom. Medicines
	2	Used for heating purpose
	3	For weighing purpose
	4	Used in different lab. Procedures
MAR-22	<b>Laboratory Methods</b>	
	1	Decantation and filtration
	2	Crystallization
	3	Sublimation
	4	Distillation
APR-22	<b>Vehicles</b>	
	1	Globules - Measurement of globules and medication of globules
	2	Impurity test for different vehicles
		i. Sugar of milk
		ii. Water
		iii. Alcohol
MAY JUN-22	<b>External Applications</b>	
		Scope of external Applications in Homoeopathy (Theory)
	1	Ointment preparation - Fusion method, Mechanical incorporation method
	2	Liniment preparation
	3	Lotion preparation
	4	Glycerol preparation
JUN , JULY-22	<b>Potentisation</b>	
	<b>a. Trituration</b>	
	1	Trituration of one drug upto 6 X
	2	Trituration of one drug upto 3C
	<b>b. Conversion of trituration into liquid Potency</b>	
	1	6X trituration to 8X Liquid
AUGUST T - 22	<b>c. Succussion</b>	
	1	Old method mother tincture class I Given Callendula mother tincture prepare potencies from it by succussion
	2	Old method mother tincture class II. Given Thuja mother tincture prepare potencies from it by succussion
	3	Old method mother tincture class III. Given Arnica mother tincture prepare potencies from it by succussion
	4	Old method mother tincture class IV. Given Nux vomica mother tincture prepare potencies from it by succussion
	5	Given common salt. Prepare mother solution of Natrum mur and potentise it by Succussion. (Class VA)
	6	Given Phosphoric Acid. Prepare mother solution of Acid. Phos and potentise it by Succussion. (Class VA)
	7	Given Camphor. Prepare mother solution of Camphora and potentise it by Succussion. (Class VIA)
	8	Given Camphor. Prepare mother solution of Camphora and potentise it by Succussion. (Class VIA)
SEPT-22	<b>New Methods of Preparation of mother tincture ( DEMO)</b>	
	1	Maceration

	2	Percolation
SEPT-22		50 millesimal Scale Preparation and dispensing
SEPT-22		Calculation of moisture content of given Vegetable drug sample
SEPT-22		Preparation of dilute alcohol
SEPT-22		Preparation of dispensing Alcohol
