

CLINICAL TEACHING PROGRAMME**II ND B.H.M.S (CBDC)****WINTER 2026 (JUNE 2026 –APRIL 2027)**

SR NO	PROPOSED MONTH	NAME OF TOPIC	METHOD OF TEACHING	NO. OF HRs
1	JUNE 2026	Surgical case taking Surgical case taking. Examination of trauma case	Discussion Clinical Demo	01+ 02
2	JULY 2026	Transport of the Injured Examination of Head injury case	Clinical Demo	03
3	AUG 2026	Examination of wound,suture technique	DEMO	01
4	SEPT 2026	Examination of Haemorrhagic Case Examination of Shock Fluid,Electrolytes and Acid base balance- Clinical Examination and Evaluation	Case Based Learning	03
5	OCT 2026	Clinical Examination of Burns Common surgical infections- Clinical Examination	Case Based Learning	03
6	NOV 2026	Special infections- Clinical Examination Examination of swelling- cysts	Case Based Learning	03
7	DEC 2026	Examination of swelling – Tumours Examination of Hernia	Case Based Learning	03
8	JAN 2027	Examination of ulcer Examination of sinus and fistula ABC management	Case Based Learning	04
9	FEB 2027	Wound Dressing,Fluid Therapy	Clinical Demo	01
10	MAR 2027	REVISION & PRELIMS		
11	APR 2027	--		

THEORY TEACHING PROGRAMME
II ND B.H.M.S (CBDC)
WINTER 2026 (JUNE 2026 –APRIL 2027)

MONTH	DR S.H. APATE	DR T.V.SHETE
JUNE 2026	Introduction of surgery, Scope and limitations of Homoeopathy in surgical conditions, Surgical diseases explained in relation to Organon of Medicine What is Trauma/Injury, Types of Injury, Homeopathic therapeutics of injury, Head injury-Anatomy of skull, swelling of the head Fracture of the skull-fracture of the vault of the skull, fracture of base of the skull.	Shock-Definition, types, pathophysiology, Hypovolemic shock Traumatic shock, Cardiogenic shock, Neurogenic shock Septic shock, Crush syndrome
JULY 2026	Intracranial heamorrhage, Intracranial infections, Intracranial tumours Principles in management of RTA Management and resuscitation of trauma case Chest injuries Abdominal injuries Types of wounds, Wound-regeneration and repair, Healing by first intension and healing by second intention Wound-four basic stages in wound healing Principles of wound management	Complications of shock and management Hom management for shock Burn-definition, types. Pathophysiology of burns. Assessment of burns
AUG 2026	Hom in wound cases. Scars and Keloid- Corn,Warts,Hypertropic scar,Solar keratosis,Bowen's dis. Haemorrhage –Types Haemostasis and mechanism of haemostasis Hom theraps for haemorrhage Blood transfusion Anatomy of body fluid, Normal exchange of fluid and electrolytes Salt intake and output Acid-base balance-acidosis, alkalosis. Water deficit and excess Electrolyte balance-sodium, Potassium-normal intake and output, hypokalaemia, hyperkalaemia	Treatment of burns. Hom Theraps in burns. Skin grafting -Indications Types of Skin grafting
SEPT 2026	Magnesium-magnesium deficiency and magnesium excess Calcium-Hyperalemia, hypoelcemia Parenteral fluid therapy Nutrition- deficiency,pre and post-operative assessment, Causes and consequences of malnutrition in surgical patient Nutritional requirements	Management of Skin grafting - Hernia – Definition, causes Classification of Hernias
OCT 2026	Methods of nutritional support Boil, Hom theraps of boil Carbuncle, Hom management of carbuncle Abscess, Hom theraps for abscess Cellulitis and Erysipelas, management of cellulitis and erysipelas Hidradenitis suppurativa Septicaemia and pyaemia Systemic inflammatory response syndrome	Principles of management of hernia Inguinal Hernia-Anatomy,types. Inguinal Hernia-Clinical presentation and Diagnosis

NOV 2026	Theraps for common surgical conditions 2 term -Special infections-Tuberculosis Syphilis AIDS Actinomycosis	Surgical management of Inguinal Hernia Femoral Hernia- Anatomy, Clinical presentation, Diagnosis and Surgical management
DEC 2026	Leprosy Tetanus Infective Gangrene Homoeopathic theraps in special infections. Tumours-Definition of tumour,differences between benign tumour and malignant tumour,different varieties of benign tumours and malignant tumours Hom approach in benign and malignant tumours as curative and palliative theraps Cyst-Definition,types	Umbilical Hernia- Types, Clinical presentation, Diagnosis and Surgical management Epigastric Hernia, Incisional Hernia, Spigelian Hernia,Lumbar Hernia,Traumatic Hernia,Obturator Hernia Theraps of Hernia Ulcer-Definition,types Clinico-pathological presentation of Ulcer
JAN 2027	Cyst- Theraps Spread of malignant and benign tumours Benign tumours- papilloma,lipoma,fibroma,adenoma,Haemangio ma,Lymphangioma,Hamartoma,Neuromas,Neur ofibroma Malignant tumours-Basal cell carcinoma,Squamous cell carcinoma,Glandular carcinoma The melanomas,Sarcomas Hom manangement of tumours	Diabetic ulcers Tuberculous ulcers Syphilitic ulcer
FEB 2027	Sinus and fistula Hom manangement for sinus and fistula Revision	Ulcers- general management Theraps of Ulcer
MAR 2027	PRELIMS & Proposed MUHS Theory EXAMS	
APRIL 2027		

CLINICAL TEACHING PROGRAMME

III RD B.H.M.S (CBDC)

WINTER 2026 (JUNE 2026–MARCH 2027)

NAME OF TOPIC
I TERM- Clinical Examination of Gangrene, Examination of Varicose veins, Examination of Lymphatic system, Examination of lesions of Peripheral nerves. Examination of palate, cheek, tongue, floor of mouth and Oral cavity/Tongue/Salivary glands, Examination of Dysphagia. Counselling patients with peptic ulcer on Lifestyle modifications. Clinical Examination to identify signs of Appendicitis. Examination of Acute abdomen, Examination of Chronic abdomen, Examination of abdominal lump. Examination of rectal case. Examination of Liver and Gall Bladder. Clinical Examination of Spleen. Clinical Examination of a case of Low back pain. Clinical Examination for shoulder injuries and assess for humerus fractures. Clinical Examination for upper limb injuries. Clinical Examination to assess for Pelvic fracture, including inspection, palpation and stability tests. Clinical Examination to assess for fracture of the neck of femur. Clinical Examination of Knee Joint. Clinical Examination of Leg, Ankle and foot. Clinical Examination of Spine. Clinical Examination for Traumatic Paraplegia. Observe/perform emergency care of fractures including immobilization techniques (e.g.spilnting), managing open fractures (e.g. wound dressing), and assessing for neurovascular injury. Examination of injuries to bones and joints. II TERM- Patient Education and Counselling on Bowel Outflow Obstruction Management, including Lifestyle Modifications. Examination of urinary case. Urethral Catheterisation. Examination of Inguino - scrotal swelling, groin swelling, scrotal swelling and penis. Examination of disease of chest. Ear Examination, Examination of case of Deafness, case of Vertigo. Examination of Nose: Anterior & Posterior Rhinoscopy & Paranasal Sinus. Examination of Pharynx. Examination of Larynx. Examination of Thyroid gland. Examination of neck swelling. Examination of Breast. Examination of Teeth And Gums. Examination of Eye/ vision- Visual acuity and Colour Vision. Observe /Perform ICD on a Mannequin. Perform/Observe Pericardiocentesis under supervision. Demonstration of X-rays. Instruments and surgical items for demonstration. Role play.

THEORY TEACHING PROGRAMME

III RD B.H.M.S (CBDC)

WINTER 2026 (JUNE 2026 –MARCH 2027)

SR NO	MONTH	DR S.H. APATE	DR S.R. BAGADE
1	JUNE 2026	DISEASES OF BLOOD VESSELS AND NERVES (07)-Arterial stenosis or Occlusion, Gangrene, Amputation, Aneurysm, Raynaud's disease, Buerger's disease, Embolism, Thrombosis. Varicose veins, DVT, Leg Ulcer. Lymphangitis, Lymphoedema, Filariasis, Hodgkin's Disease, Burkitt Tumour and Sarcoidosis.	DISEASES OF ALIMENTARY TRACT(06)- Diseases of oral cavity-Cleft lip, Cleft Palate, Stomatitis, CA Tongue, Ranula. Diseases of salivary and parotid Glands. Oesophagus-Reflux oesophagitis, GERD, Hiatus Hernia, Dysphagia, Achalasia cardia, CA oesophagus. Theraps for Disease of oral cavity, oesophageal disease.
2	JULY 2026	DISEASES OF BLOOD VESSELS AND NERVES (03)- Injury to peripheral nerve. Theraps for arterial disease& venous diseases. ORTHOPAEDICS(06)- Infections Of Bones And Joints- Osteomyelitis. Bone Tumours.	DISEASES OF ALIMENTARY TRACT(10) Peritonitis. Pelvic Abscess, Subphrenic Abscess, Disease of mesentry - Mesentric Cyst, Psoas Abscess. Gastritis, Peptic ulcer, Pyloric Stenosis, CA stomach, Theraps for Stomach, Intestines- Irritable bowel disease- Ulcerative colitis, Chrohn's Disease, Intestinal obstruction, Volvulus and intussusption, Ca Colon, Intestinal Diverticula, Hirschsprung Disease, Appendicitis. GIT Theraps Fissure in ano.
3	AUG 2026	ORTHOPAEDICS(08)- Diseases of Bones, Spinal deformities, Affections of Soft tissues-Tendons, Fascia, muscles, etc.	DISEASES OF ALIMENTARY TRACT(04)- Prolapse Of Rectum, Fistula in ano, Haemorrhoids, Ano-Rectal Abscess. Theraps for rectal and anal dis. DISEASES OF LIVER, GALLBLADDER, BILE DUCT, PANCREAS AND SPLEEN(04)- Liver insufficiency, Liver Trauma, Portal Hypertension, Budd-Chiari Syndrome, Caroli's Disease, Liver Tumours, Amoebic liver abscess and its Theraps,

4	SEPT 2026	ORTHOPAEDICS(08)- Fractures in general. Fracture-clavicle, humerus, dislocation of shoulder, Colle's fracture. Fracture femur neck. Dislocation-Hip, knee and Pott's spine, Injuries to leg, Ankle and foot. Traumatic Paraplegia. Tuberculosis of joints-Hip and knee.	DISEASES OF LIVER, GALLBLADDER, BILE DUCT, PANCREAS AND SPLEEN(03)- Cholelithiasis and Cholecystitis. CA Gall bladder, Theraps for Gall bladder. Rupture of spleen, Splenomegaly. Pancreatitis. CA pancreas II TERM DISEASES OF UROGENITAL SYSTEM-(04)- Investigations in Urology, Congenital diseases of urinary tract, Urinary tract infection-Pyelonephritis, pyonephrosis, CA Bladder, Urinary calculi, Hydronephrosis.
5	OCT 2026	II TERM DISEASES OF THORAX, HEART AND PERICARDIUM (07)- Pleural Effusion, Pneumothorax, Lung Abscess, Chest injury, CA lung, Theraps for lung affections. Pericarditis, congenital heart diseases, Cardiac Tamponade, Pericardial effusion, cardiac tamponade, Theraps for heart disease.	DISEASES OF UROGENITAL SYSTEM-(09)- Haematuria. Bladder Outflow obstruction, Tumours of urinary system. Theraps for Urinary system. Benign enlargement of prostate.
6	NOV 2026	DISEASES OF BREAST (03)- Mastitis, fibroadenoma and fibroadenosis of breast, Breast cysts and CA breast, Theraps for breast. ENT- EAR(01)-Anatomy and physiology of ear, ear, Wax, Foreign bodies in ear, Earache	DISEASES OF UROGENITAL SYSTEM-(04)- CA prostate Theraps for Prostate Diseases of Male Urethra And Penis- Urethritis, Urethral Stricture

7	DEC 2026	EAR-(04)Otosclerosis, Otitis externa, Otitis media. Otomycosis, Meniere's disease. Deafness, Tinnitus, Vertigo, Infranucl ear facial paralysis, Tumors of ear, Hom Theraps of Ear. NOSE And THROAT (06) - Anatomy and Physiology of nose and paranasal sinuses. Examination of Nose, Rhinitis, Epistaxis, Sinusitis. Diseases of external nose, Deviated nasal septum, Nasal polyps, Tumours of nose, Theraps for nose. Anatomy, physiology & Examination of Pharynx, Larynx, tracheobronchial tree and oesophagus- Pharyngitis, Pharyngeal tumors, Laryngitis Singer's nodes, Hoarseness, Tumours of Larynx.	DISEASES OF UROGENITAL SYSTEM-(03)- Phimosis, Priapism, CAPenis. Diseases of Scrotum, and Testes- Torsion, Varicocele, Hydrocele Fournier's Gangrene, Epididymo-Orchitis, Tumours of Testes and Inguino-scrotal swelling.. Ophthalmology(07) Applied anatomy and physiology of eye, examination of eye. Errors of refraction, Conjunctivitis Diseases of cornea, Glaucoma, Scleritis and Staphyloma, Uveitis.
8	JAN 2026	NOSE And THROAT (02) - Tonsillitis, Quinsy, Tracheostomy, Theraps for Laryngopharynx and throat. THYROID AND OTHER NECK SWELLINGS (03)- Goitre, Examination of neck swelling, Theraps for thyroid. DENTISTRY(02)- Applied anatomy and physiology of teeth and gums. Epulis, Dental cysts.	OPHTHALMOLOGY(03)- Cataract. Blepharitis, Dacryocystitis, Iridocyclitis, Styte, Chalazion, Squint, Nystagmus, Ocular Injuries, Blindness, Systemic ophthalmology. Theraps-Infections of eye, inflammation of eye conditions, Cataract, Glaucoma, etc.
9	FEB 2026	Alveolar Abscess, Gingivitis. Dental caries, Root canal therapy. Dentitional problems. Theraps in dentistry	Revision
10	MAR 2026	PRELIMS & PROPOSED MUHS EXAMS
